

COVID-19 School closure arrangements for Safeguarding and Child Protection

Context

From 20th March 2020 parents were asked to keep their children at home, wherever possible, and for schools to remain open only for those children of workers critical to the COVID-19 response - who absolutely need to attend.

Schools and all childcare providers were asked to provide care for a limited number of children - children who are vulnerable, and children whose parents are critical to the COVID-19 response and cannot be safely cared for at home.

Key contacts

Role	Name	Contact Number	Email
Designated Safeguarding Lead	Mrs Pip Utting Headteacher	02089422687	admin@bjs.rbksch.org
Deputy Designated Safeguarding Lead	Terri Easty	02089422687	teasty2@burlingtoni.org.uk

Where staff have a concern about a child, they should continue to follow the process outlined in the school Safeguarding and Child Protection Policy. Staff are reminded of the need to report any concern immediately and without delay.

Where staff are concerned about an adult working with children in the school, they should report the concern to the Headteacher. If there is a requirement to make a notification to the Headteacher whilst away from school, this should be done verbally and followed up with an email to the Headteacher.

Concerns regarding the Headteacher should be directed to the Chair of Governors: Simon Campbell

Designated Safeguarding Lead

Burlington Junior School has a Designated Safeguarding Lead (DSL) and Deputy DSL's.

The Designated Safeguarding Lead is: Pip Utting and Matt Blow

The Deputy Designated Safeguarding Lead is: Caroline Case and Terri Easty

The optimal scenario is to have a trained DSL (or deputy) available on site. Where this is not the case a trained DSL (or deputy) will be available to be contacted via phone or online video - for example when working from home.

Where a trained DSL (or deputy) is not on site, in addition to the above, a senior leader will assume responsibility for co-ordinating safeguarding on site. This might include updating and managing access to child protection files, liaising with the offsite DSL (or deputy) and, as required, liaising with children's social workers where they require access to children in need and/or to carry out statutory assessments at the school.

It is important that all school named staff and volunteers have access to a trained DSL (or deputy). On each day staff on site will be made aware of that person is and how to speak to them.

The DSL will continue to engage with social workers, and attend all multi-agency meetings, which can be done remotely.

Safeguarding training and induction

DSL training is very unlikely to take place whilst there remains a threat of the COVID19 virus.

For the period COVID-19 measures are in place, a DSL (or deputy) who has been trained will continue to be classed as a trained DSL (or deputy) even if they miss their refresher training.

All existing school staff have had safeguarding training and have read part 1 of Keeping Children Safe in Education (2019). The DSL will communicate with staff any new local arrangements, so they know what to do if they are worried about a child.

Where new staff are recruited, or new volunteers enter Burlington Junior School, they will continue to be provided with a safeguarding induction.

If staff are deployed from another education or children's workforce setting to our school, we will take into account the DfE supplementary guidance on safeguarding children during the COVID-19 pandemic and will accept portability as long as the current employer confirms in writing that:

- the individual has been subject to an enhanced DBS and children's barred list check
- there are no known concerns about the individual's suitability to work with children
- there is no ongoing disciplinary investigation relating to that individual

Upon arrival, they will be given a copy of Burlington Junior's Safeguarding and Child Protection Policy, confirmation of local processes and confirmation of DSL arrangements.

Safer recruitment/volunteers and movement of staff

It remains essential that people who are unsuitable are not allowed to enter the children's workforce or gain access to children. When recruiting new staff, Burlington Junior School will continue to follow the relevant safer recruitment processes, including relevant sections in Part 3 of Keeping Children Safe in Education (2019).

In response to COVID-19, the Disclosure and Barring Service (DBS) has made changes to its guidance on standard and enhanced DBS ID checking to minimise the need for face-to-face contact.

Where Burlington Junior School are utilising volunteers, we will continue to follow the checking and risk assessment process as set out in paragraphs 167 to 172 of Keeping Children Safe in Education (2019). Under no circumstances will a volunteer who has not been checked be left unsupervised or allowed to work in regulated activity.

Burlington Junior School will continue to follow the legal duty to refer to the DBS anyone who has harmed or poses a risk of harm to a child or vulnerable adult. Full details can be found at paragraph 163 of Keeping Children Safe in Education (2019).

Burlington Junior School will continue to consider and make referrals to the Teaching Regulation Agency (TRA) as per paragraph 166 of Keeping Children Safe in Education (2019) and the TRA's 'Teacher misconduct advice for making a referral'. During the COVID-19 period all referrals should be made by emailing Misconduct.Teacher@education.gov.uk

Whilst acknowledging the challenge of the current National emergency, it is essential from a safeguarding perspective that any school is aware, on any given day, which staff/volunteers will be in the school or college, and that appropriate checks have been carried out, especially for anyone engaging in regulated activity. As such, Burlington Junior School will continue to ensure that all staff, volunteers and essential visitors sign in and out of the premises and will continue to keep the Single Central Record (SCR) up to date as outlined in paragraphs 148 to 156 in Keeping Children Safe in Education (2019).

Online safety

Burlington Junior's Online Safety Lead is: Mr R Panesar. If the Online Safety Lead is unavailable, advice can be sought from Peter Cowley (AfC Adviser for Online Services and Safety).

Burlington Junior School will continue to ensure that appropriate filters and monitoring systems are in place to protect pupils when they are online on the school's IT systems or recommended resources.

It is important that all staff who interact with children, including online, continue to look out for signs a child may be at risk. Any such concerns should be dealt with in line with the Safeguarding and Child Protection Policy and where appropriate referrals should still be made to children's social care and as required, the police.

Burlington Junior School will ensure any use of online learning tools and systems is in line with privacy and data protection/GDPR requirements.

Below are some things to consider when delivering virtual lessons, especially where webcams are involved:

- No 1:1s, groups only
- Staff and children must wear suitable clothing, as should anyone else in the household.
- Any computers used should be in appropriate areas, for example, not in bedrooms; and the background should be blurred.
- The live class should be recorded so that if any issues were to arise, the video can be reviewed.
- Live classes should be kept to a reasonable length of time, or the streaming may prevent the family 'getting on' with their day.
- Language must be professional and appropriate, including any family members in the background.
- Staff should record, the length, time, date and attendance of any sessions held.

Supporting children not in school

Burlington Junior School is committed to ensuring the safety and wellbeing of all its pupils.

Where the DSL has identified a pupil to be on the edge of social care support, or who would normally receive pastoral-type support in school, we will ensure that a robust communication plan is in place for that pupil. All contacts with the pupil must be recorded.

The communication plans can include: remote contact; phone contact; door-step visits. Other individualised contact methods should be considered and recorded. Burlington Junior School and its DSL will work closely with all stakeholders to maximise the effectiveness of any communication plan.

This plan must be reviewed regularly (at least once a fortnight) and where concerns arise, the DSL will consider any referrals as appropriate.

The school will share safeguarding messages on its website and any communications to families.

Burlington Junior School recognises that school is a protective factor for children and young people, and the current circumstances, can affect the mental health of pupils and their parents/carers. Teachers at Burlington Juniors will take this into consideration when setting expectations of pupils' work where they are at home.

Mental health

Burlington Junior School is aware that negative experiences and distressing life events such as the current circumstances can affect the mental health of pupils and their parents.

Burlington Junior School will ensure that appropriate support is in place for the children of critical workers and vulnerable children whilst on site. Website links to mental health support and activities are on our website. We will also send out a regular newsletter with positive mental health activities and suggestions.

Burlington Junior School will continue to offer support to pupils who are not on site, this will be done remotely or by phone.

Burlington Junior School will ensure that all pupils have contact details for appropriate support services. KOOTH is an online counselling and emotional well-being platform for children and young people: <https://www.kooth.com/>

Peer on peer abuse

Burlington Junior School recognises that during the closure a revised process may be required for managing any report of such abuse and supporting victims.

Burlington Junior School will follow the principles as set out in part 5 of Keeping Children Safe in Education (2019) and our Safeguarding and Child Protection Policy.

The school will listen and work with the young person, parents/carers and any multiagency partner required to ensure the safety and security of that young person.

Concerns and actions must be recorded using the school's procedure and appropriate referrals made.

April 2020
