

Things you must try to do by the time you leave Year 6!

Have a go at the activities listed by the time you leave Year 6. Share your achievements with your teacher: you could take a photograph; share information on Google Classroom; or create a presentation about a particular topic.

Reading Skills

- Research an up-and-coming school topic (you can find these on our school website [here](#)).
- Read 5 books by different authors. Record your likes and dislikes in your reading diary.
- Listen to an audio book and write a review for your class.
- Research the meaning of three unfamiliar words from a book you are reading. Use these words in a sentence. Can you include them in your writing at school?
- Read and investigate a positive news article with someone at home.

ABC

Every Child Achieves

- Support a peer with their learning.
- Set a personal best in an activity.
- Learn the alphabet in British Sign Language.
- Research and learn a new skill. Take a photo of your achievement and share this with your teacher.
- Choose three of the words below to research. Write a paragraph about what they mean to you.
heritage, identity, sacrifice, liberty, democracy, community

Attitudes

- Do a kind deed twice a day for at least a week.
- Know how to use the internet safely. Create a poster with internet safety rules.
- How do people help their community? Write a letter of thanks to someone who has positively supported their local community.
- How and where are UK laws made? Find out about a recent law, why was it made and how does it affect you?
- Recognise what you can do to cheer yourself up, or other family members or friends. Keep a record of these things and successes that you have had.

Deepening Understanding

- The world around me:** Learn about five wild British animals and draw them. Can you add three interesting facts?
- The wider world:** Research three countries from different continents to find out more about their capital city, their flag, their population and their location.
- Healthy Me:** Show your understanding of what a healthy meal should contain, you should be able to explain why you have included particular foods. Can you prepare the meal?
- Sustainability:** List the different ways that you use plastics in your home. Are any of these single-use plastics? How can you reduce this? Create a poster to encourage others to do the same.
- News reporter:** Undertake some research about a significant historical event which you have **not** studied in school. Create a poster or presentation to share with your class.
