

Burlington Junior School

Safeguarding in the Curriculum

Safeguarding in the Curriculum

Keeping Children Safe in Education

“Children should be taught about how to keep themselves and others safe, including online. It should be recognised that effective education will be tailored to the specific needs and vulnerabilities of individual children, including children who are victims of abuse, and children with special educational needs or disabilities.”

“Preventative education is most effective in the context of a whole-school approach that prepares pupils for life in modern Britain and creates a culture of zero tolerance for sexism, misogyny/misandry, homophobia, biphobic and sexual violence/harassment.”

Assemblies (whole school)

These themes are repeated throughout the school year and are delivered to a Y3/Y4 and Y5/Y6 assembly group.

- Ready, respectful, safe
- British Values - democracy
- Equality
- Young Carers
- Mental Health and Wellbeing
