

Burlington Junior School Accessibility Plan and Disability Equality Scheme

3-year period covered by the plan: Autumn 2026 -2029

Statement of intent

Burlington Junior School is committed to taking all steps to avoid placing anyone at a substantial disadvantage and works closely with pupils with disabilities, their families and any relevant outside agencies in order to remove any potential barriers to their learning experience.

The school is active in promoting an inclusive, positive environment by ensuring that every pupil is given equal opportunity to develop socially, to learn and to enjoy school life. The school continually looks for ways to improve accessibility within the school through data collection, parent questionnaires and discussions.

This policy must be adhered to by all staff members, pupils, parents and visitors

Legal framework

This policy has due regard to all relevant legislation and statutory guidance including, but not limited to, the following:

- United Nations Convention on the Rights of the Child
- United Nations Convention on the Rights of Persons with Disabilities
- Human Rights Act 1998
- The Special Educational Needs and Disability Regulations 2014
- Education and Inspections Act 2006
- Equality Act 2010
- The Education Act 1996
- The Children and Families Act 2014
- The Equality Act 2010 (Specific Duties and Public Authorities) Regulations 2017
- DfE (2014) 'The Equality Act 2010 and schools'
- DfE (2015) 'Special educational needs and disability code of practice: 0 to 25 years'

This policy operates in conjunction with the following school policies:

- Equality Information and Objectives Policy

- Special Educational Needs and Disabilities (SEND) Policy
- Equality, Equity, Diversity and Inclusion Policy
- Admissions Policy
- Behaviour Policy
- Supporting Pupils with Medical Conditions Policy
- Administering Medication Policy
- Anti-Bullying Policy
- Curriculum Policy
- Health and Safety Policy
- School Development Plan
- Data Protection Policy

Definitions

A person is defined as having a disability if they have a physical or mental impairment that has an adverse, substantial, and long-term effect on their ability to carry out normal day-to-day activities.

In line with the Equality Act 2010, the school does not unlawfully discriminate against pupils because of their age, disability, gender reassignment, race, religion or belief, sex or sexual orientation, pregnancy or maternity, marriage or civil partnership.

Roles and responsibilities

The governing board will be responsible for:

- Monitoring the Accessibility Plan.
- Approving the Accessibility Plan before it is implemented.

The headteacher will be responsible for:

- Creating an Accessibility Plan with the intention of improving the school's accessibility, in conjunction with the governing board
- Ensuring that staff members are aware of pupils' disabilities and medical conditions where necessary.
- Establishing whether a new pupil has any disabilities or medical conditions which the school should be aware of.
- Consulting with relevant and reputable experts if challenging situations regarding pupils with disabilities arise.
- Working closely with the governing board, LA and external agencies to effectively create and implement the school's Accessibility Plan.

The SENCO will be responsible for:

- Working closely with the headteacher and governing board to ensure that pupils with SEND are appropriately supported.

Staff members will be responsible for:

- Acting in accordance with this policy and the Accessibility Plan at all times.
- Ensuring that their actions do not discriminate against any pupil, parent or colleague.

All staff members and governors will partake in whole-school training on equality issues related to the Equality Act 2010. Designated staff members will be trained to effectively support pupils with medical conditions, for example, understanding how to administer insulin, in line with the Administering Medication Policy.

Accessibility Plan

The school's Accessibility Plan demonstrates how access will be improved for pupils with disabilities, staff, parents and visitors to the school within a given timeframe. It will be presented as part of this document.

Accessibility Plan will be structured to complement and support the school's Equality Information and Objectives Policy, as well as the Special Educational Needs and Disabilities (SEND) Policy.

The plan has the following key aims:

- **To increase the extent to which pupils with disabilities can participate in the curriculum**
- **To improve and maintain the school's physical environment to enable pupils with disabilities to take advantage of the facilities and education on offer**
- **To improve the availability and delivery of written information to pupils, staff, parents and visitors with disabilities.**

The intention is to provide a projected plan for a three-year period ahead of the next review date, which will be in **September 2028** . If it is not feasible to undertake all the plans/works during the lifespan of the Accessibility Plan, some items will roll forward into subsequent plans. The school will provide adequate resources for implementing plans, ensuring pupils are sufficiently supported.

The Accessibility Plan will be used to measure the necessity of making reasonable adjustments in order to accommodate the needs of people with disabilities where practicable. It will be used to advise other school planning documents and will be reported upon annually in respect of progress and outcomes.

The school will collaborate with the LA in order to effectively develop and implement the plan. The LA will prepare accessibility strategies based on the same principles as the school's Accessibility Plan. The LA will also provide auxiliary aids and services where necessary to help the school provide suitable support to pupils with disabilities.

An access audit will be undertaken by the governing board and SENCO **every year**.

During Ofsted inspections, the inspectorate may include the school's Accessibility Plan as part of their review. Both this policy and the Accessibility Plan will be published on the school website.

Equal opportunities

The school strives to ensure that all existing and potential pupils are given the same opportunities, and is committed to developing a culture of inclusion, support and awareness. The Accessibility Plan will detail any barriers which are hindering the opportunities for pupils with SEND. The aim of the plan is to take appropriate measures in order to overcome these barriers, allowing all pupils equal opportunities.

Staff members will be aware of any pupils who are at a substantial disadvantage and will take the appropriate steps to ensure the pupil is effectively supported. Wherever possible, teaching staff will adapt their lesson plans and the curriculum to allow all pupils to reach their full potential and receive the support they need. The school will ensure that all extracurricular activities are accessible to all pupils and make reasonable adjustments to allow pupils with SEND to participate in all school activities.

Admissions

The school will act in accordance with its Admissions Policy. The same entry criteria will be applied to all pupils and potential pupils.

The school will strive to not put any pupil at a substantial disadvantage by making reasonable adjustments prior to the pupil starting at the school. All pupils, including those with SEND, will have appropriate access to all opportunities available to any member of the school community.

Information will be obtained on future pupils in order to facilitate advanced planning. Prospective parents of EHCP pupils and pupils with SEND, are invited to a transition meeting prior to the pupil starting school in order to discuss the pupil's specific needs.

Curriculum

The school is committed to providing a healthy environment that enables full curriculum access and values and includes all pupils regardless of their education, physical, sensory, social, spiritual and emotional needs. No pupil is excluded from any aspect of the school curriculum due to their disabilities or impairments. The school aims to provide a differentiated curriculum to enable all pupils to feel secure and make progress.

The subject leaders for each subject and, the Curriculum leader and SENCO will work together to adapt a pupil's personal support plan, with advice sought from outside agencies where appropriate, to allow all pupils to reach their full potential.

Where areas of the curriculum present challenges for a pupil, these are dealt with on an individual basis. The class teacher, in discussion with the pupil and their parents, will ensure that all adjustments possible, in line with common sense and practical application, will be made for any disability or impairment. Physical education lessons will be adapted, wherever possible, to allow pupils with disabilities to participate in lessons.

There are established procedures for the identification and support of pupils with SEND in place at the school. Detailed pupil information on pupils with SEND are given to relevant staff in order to aid teaching, e.g. 'pupil passports'.

Specialist resources are available for pupils with visual impairments, such as large print eBooks and use of iPads to enlarge text. Learning support assistants are deployed to implement specific literacy, numeracy and speech programmes.

Physical environment

The school is committed to ensuring that all pupils, staff members, parents and visitors have equal access to areas and facilities within the school premises. There are no parts of the school to which pupils with disabilities have limited or no access to.

The school has toilet facilities suitable for people with disabilities which are fitted with a handrail and an emergency pull cord. There are provisions for nappy changing.

Where entrances to the school are not flat, a ramp is supplied for access. Wide doors are fitted throughout the school to allow for wheelchair access. The corridor flooring and lighting is designed to support those who are visually impaired.

Monitoring and review

This policy will be reviewed on an **annual** basis or when new legislation or guidance concerning equality and disability is published. The governing board and headteacher will review the policy in collaboration with the SENCO.

Equality impact assessments will be undertaken as and when school policies are reviewed.

Introduction to Accessibility Plan

The SEN and Disability Act 2001 extended the Disability Discrimination Act 1995 (DDA) to cover education. The Governing Body has had three key duties towards pupils with a disability, under Part 4 of the DDA:

- not to treat pupils with a disability less favourably for a reason related to their disability;
- to make reasonable adjustments for pupils with a disability, so that they are not at a substantial disadvantage;
- to plan to increase access to education for pupils with a disability.
- This plan sets out the proposals of the Governing Body of the school to increase access to education for pupils with a disability by:
 - ensuring the rights of pupils with disabilities are upheld;
 - developing a culture of awareness, acceptance and inclusion;
 - creating a positive attitude to disability and challenging negative perceptions;
 - increasing the extent to which pupils with a disability can participate in the school curriculum;
 - improving the environment of the school to increase the extent to which pupils with a disability can take advantage of education and associated services;
 - improving the delivery to pupils with a disability of information which is provided in writing for pupils who are not disabled.

It is a requirement that the school's accessibility plan is resourced, implemented and reviewed and revised as necessary. Attached is a set of action plans showing how the school will address the priorities identified in the plan.

1A: The purpose and direction of the school's plan: vision and values

Burlington Junior School is committed to ensuring that all its employees, pupils and others involved in the school community, are treated equally. We will ensure that disabled pupils and employees are not treated less favourably in any procedures, practices and service delivery.

DISABILITY DEFINITION

A person with a disability includes

- a visually or hearing impaired person
- a person with a physical disability
- a person with a medical condition, including diabetes, severe asthma, epilepsy, chronic fatigue syndrome, MS, HIV, a mental health condition, cancer and any other ongoing condition such as colitis.
- a person with an autistic spectrum condition
- a person with Downs syndrome
- a person with dyspraxia and/or ADHD
- a person with dyslexia

This list is not exhaustive but are main examples as given in the guidance 'Promoting Disability Equality in Schools', page 26, (DES 2006)

The school uses the social model of disability as the basis of its work to improve equality for and tackle discrimination against disabled people. This model says that it is the world and society that creates barriers that limit or prevent disabled people from enjoying the same opportunities as people who are not disabled. We understand that the definition of disability under the Disability and Discrimination Act is different from the eligibility criteria for special educational needs. This means that disabled pupils may or may not have special educational needs.

The school is committed to the removal of barriers to the progress of pupils with a disability. We aim to give all children full access to the curriculum at school and to enable them to participate fully in school life.

Our commitment to equal opportunities is driven by the National Curriculum Inclusion statement. The school:

- sets suitable learning challenges
- responds to pupils' diverse needs
- overcomes potential barriers to learning and assessment for individuals and groups of pupils.

The school's Behaviour and PSHE Policies (within the Teaching and Learning Policy) promote equality and respect for all regardless of gender, race, colour, creed or impairment.

1B: Information from pupil data and school audit (to be updated using SIMs)

Burlington Junior School is a four form entry school with 478 children on roll. The school caters for a range of needs including Autistic Spectrum Disorder, Dyspraxia and Language difficulties. At present (June 2019) there are 73 children (15.3%) on the school's SEN register (13 EHCP's, 60 at school support) . The school caters for children with the following disabilities: diabetes, HI, (Hearing Impairment) VI (Visual Impairment) , ASD (autistic spectrum disorder) , dyslexia, ASD and ADHD (Attention Deficit Hyperactivity Disorder). One staff member has identified themselves as being diabetic. We have a range of medical needs 48 pupils with a known conditions, ranging from asthma, epilepsy to diabetes.

Nationally the percentage of members with a disability of a school community is about 7%; our percentage is currently 5.0%. We will continue to audit the profile of our school population to ensure that we fully identify and include those with disabilities.

We are mindful of the adults in our school community such as wheelchair users and we are committed to improving access for others who may have similar needs in the future. The school has a wide lift, accessible for wheelchair users, so stakeholders can reach the first floor ICT suite, library and classrooms.

1C: Views of those involved during the review of the plan

SEN Governor

Member of staff who is diabetic

Member of staff who has ADHD

Member of staff who is Dyslexic
Parent of a child who has ASC and ADHD
Parent of a child who has visual impairment
Parent of child who has diabetes
Parent of a child who has epilepsy

2. The main priorities in the school's plan

2A: Increasing the extent to which pupils with a disability can participate in the school curriculum

- Visual prompts for vocabulary and resources including visual timetables are used to facilitate access for all pupils deemed in need of them.
- Staff working with pupils with disabilities receive appropriate training where possible: TAs are involved in Speech and Language training every year, HI or VI teacher from the LA to support staff with the learning and teaching of individuals, OT and Physios to support staff to deliver programmes; epilepsy and diabetic training (particularly administering medication).
- Training will follow a medical diagnosis enabling staff and parents to feel secure in meeting the needs of the child and ongoing dialogue with parents to ensure needs are met.
- Thorough risk assessments are undertaken as required and take full account of the needs of disabled children e.g. a named adult (or relative) will provide 1 to 1 support as necessary, especially on school trips. The school will aim to develop the child's independence by not taking a family member on a trip if the support provided is deemed suitable and covered in the risk assessment.
- Effective target setting and thorough monitoring of progress is in place for all children and high expectations are maintained for all, regardless of attainment or ability.
- Provision of chrome books for individual pupils if needed.
- Wider use of prepared visual aids and prompts.
- Disability equality issues are incorporated into the planning and learning in Citizenship, PHSE and the RE curriculum when appropriate.
- Promoting positive images of people with disabilities and promoting well-known personalities/ artists/sports personalities/ or those with sporting talents who have disabilities, so disability is not seen as a barrier to achievement. Promoting them in assemblies, PSHE and in PE lessons and in the wider curriculum.
- Diversity week every year to further raise awareness of different needs with workshop sessions for whole school, signing assembly and workshops, visit from a partially sighted adult with her guide dog, autism awareness workshops and fact finding on finding positive role models for disabilities. To raise a positive profile across the school of disabilities.

- Parent workshops on different aspects of SEN to support the parental community e.g. SEN local offer, ADHD, autism, anxiety, emotion coaching to support the parents.
- Continue to provide and develop a range of learning resources that are accessible for pupils with different disabilities. Subject co-ordinators , Curriculum leader and the Inclusion manager regularly review resources in their curriculum areas and ensure they meet the needs of all pupils within school. When schemes of work and policies are reviewed, accessibility is also checked.
- Consult external partners and local cluster schools as necessary to gain specialist advice on how to adapt resources. E.g. environmental audits from specialist habilitation officers for VI and accessing VI support to develop independent travel skills for child with VI
- Consider OT assessment of classrooms as necessary to ensure needs of pupils with sensory difficulties and dyspraxia are met (e.g. desk height, slope board, move-sit cushions to improve posture when using a chair, lights) when appropriate.
- Access to movement breaks and sensory support to enable pupils to self-regulate and co-regulate with adults modelling
- Staff working with children with disabilities receive appropriate training and support to enhance children’s access to the curriculum, develop their independence and promote social interaction. Training for staff forms part of our school development plan each year. Training is adapted to the needs of the children.
- The school seeks external advice as necessary to ensure that modifications and risk assessments are made which enable all children with disabilities to take a full and active part in extracurricular activities and school trips.
- Teaching of zones of regulation to help all children become aware of strategies to self-regulate and adults able to assist children to co-regulate using emotion coaching strategies.
- Offering a range of extracurricular activities to support pupil mental health and well-being from sports clubs, mindfulness, yoga and access to arts and music
- Offering quiet spaces at lunchtime for games and drawing and for those that need it providing more structured play or
- Providing access to ELSAs for children that need additional mental health and well-being support

2B: Improving the physical environment of the school to increase the extent to which pupils with a disability can take advantage of education and associated services:

- Time-tabled sessions in quiet areas are available to these children during the school day to provide them with a retreat from the main classroom whilst still providing them with full access to the curriculum.
- Provision of a quiet area within the classroom or shared area for pupils with disabilities and for other children with a need if required.
- Corridors and classrooms are accessible for frames and wheelchairs.
- Door furniture is easy to use i.e. height of door handle as far as possible.
- Door widths are adequate to accommodate a wheelchair.

- We have toilets suitable for wheelchair users. One in Y6 and one in the reception area.
- We have a lift to take adults and children with a disability to reach the upper floor.
- Playground and corridor routes are kept clear.
- The school will purchase playground equipment suitable for use by physically challenged, HI or VI children as necessary.
- There is an area that is clean and private for injections (MEDICAL ROOM).
- Visitors and people with mobility needs are able to access the disabled parking bays at the front or rear of school if required.
- Sensory tent for calming with a range of sensory aids in class calm boxes to help children self-regulate
- Access to quiet areas at lunchtime e.g. huts outside on the field, and indoor games and drawing in Rosen room.
- Access to quiet areas to eat for pupils with HI or ASC so they can have quiet down time and reduce anxiety
- Ensure the future new build meets the needs of accessibility for all.

2C: Improving the delivery to pupils with a disability of information that is provided in writing for pupils who are not disabled:

- There is the facility to enlarge school documents as necessary.
- School to remain updated regarding the services available for visually and hearing impaired children and children with Downs syndrome and other disabilities
- The school will be using electronic magnifiers and technology to support visual impairment
- The school has access equipment to enable individual amplification for HI children depending on the needs of the child.
- The school can:

: Recording information for pupils with learning difficulties or hearing impairments

: Enlarging print for visually impaired

: Simplifying language

: Contact parents in a variety of ways

: Using picture symbol language for children with communication difficulties. e.g. widgit online

3: Making it happen

Impact Assessment (July 2022): The school will evaluate the effectiveness of this policy in relation to the following key criteria:

- The increased awareness of staff and governors on issues relating to disability.

Are staff using resources which promote disability and undertaking risk assessments with full regard to the requirements of the DDA and DES, with reasonable adjustments being taken to facilitate access for disabled pupils? Yes

- Have all school policies revised in the last three years been checked for their impact on disabled pupils? Yes
- In addition, the school will evaluate the effectiveness of this policy by the careful monitoring of this action plan **once a term in SLT**
- To discuss at a Full Governing Body meeting in the Autumn term 2022
